Junior Architect

Aspiring Architect with 3 years hands-on experience in planning, detailing, and service coordination. Eager to gain deeper professional knowledge and contribute to meaningful, well-executed architectural projects.

WORK EXPERIENCE

Sundar Sundram Architects

Sep2022 - July2025

Coimbatore

- Developed efficient grid-pattern planning schemes for architectural layouts, ensuring functional and aesthetic zoning with basic vastu principles to enhance spatial efficiency and energy flow.
- Incorporated HVAC drawings into false ceiling design layouts, maintaining coordination between services and interiors.
- Handled diverse projects including mandapams, hospitals, institutional and residential buildings, from planning to execution stages.
- Created detailed working drawings, sections, and elevations for structural, interior, and service components.
